LOUISIANA MUSIC EDUCATORS ASSOCIATION

2022 PROFESSIONAL DEVELOPMENT CONFERENCE

Welcome to the 2022 LMEA Professional Development Conference. We are excited you are here.

We hope you take full advantage of the wonderful opportunities our conference has to offer. You will be able to REJUVENATE by attending dynamic and diverse professional development sessions. You will be REFRESHED as you witness the incredible rehearsals and performances by our All-State ensembles. As always, you will love being able to RELAX, socialize, and collaborate with music educators from all over the country.

We look forward to what will certainly be memorable and inspirational performances by our invited university ensembles this year. Joining us this year are ensembles from Loyola University New Orleans and Louisiana State University, respectively.

The LMEA Board is excited about the advancements we are making in areas of advocacy, equity, and non-traditional music accessibility as well as increasing access in areas of traditional forms of music. If you are interested in becoming more involved in any area of LMEA, please visit us at the information table or reach out to us through our website. We are only better when we are together! May music be with you now... and FOREVER!

Best wishes,

Brett

JOIN THE PRIDE —

- When I was young, I took private music lessons at the Community Music School of Southeastern Louisiana University. I knew from then on that the Pottle Music Building (where lessons took place) would be a second home to me, a familiar place, a place of learning and music. Being a part of Southeastern's music department has been one of the best experiences, and it has more than prepared me for my dream career as a music teacher."

~Emily Miller, Southeastern Alumni

- When the time came for me to consider college, Southeastern Louisiana University was my top choice. I knew that this was the place where I wanted to learn from the moment I heard the Wind Symphony perform a concert at the Columbia Theater in Downtown Hammond. I was provided with so many incredible opportunities in both my undergraduate and graduate experiences.
